KAHUKU STRIKE LEADER ARRESTED

Ochiyama Charged With
Violation of the
Postal Laws

For sending through the mails to Editor Shiba of the Hawaii Shimpu a number of copies of the Shimpu with the word "traitor" written conspicuously across them Ochiyama, one of the Kahuku strike leaders, was arrested yesterday afternoon by United States Marshal Hendry. The charge under which the arrest was made is that of violation of the postal laws by sending scurrilous and defamatory matter through the mails.

Ochiyama was taken into custody at Kahuku, the Marshal and United States District Attorney Brockton going thither for that purpose. He will be given a hearing before the Commissioner.

BURROUGHS CHANTS.

(Continued from Page 1)
ever seen in the world. I was also astonished at the extent of your sugar industry. I had no idea that it was carried on here on such a large scale. Why, I saw miles and miles of sugar cane.

"What do you think, Mr. Burroughs, of the chances for growing other products extensively besides sugar cane?"

"I have not made a careful examination of the islands, but should say that corn ought to grow well here the year around; that you should have a big hay crop, and that alfalfa ought to prosper. The Territory should guard with a jealous eye the absorption of large areas for one purpose; small tracts carefully cultivated is the success of a country."

"The trip to the top of Haleakala is beautiful and the view sublime. Through the clouds that tipped the peak it presented a marvelous spectacle, one that appealed strongly to me. Quite different than the journey to the crater of Kilauea, where we witness a resemblance of Hades—the Inferno, as it were, which had a terrible fascination for me. Like a burning city—you do not wish to be in it, but something tempts you to look on and see it burn."

"I visited the extinct crater at Diamond Head, and here I found a condition existing different from that of any crater I have ever examined. Instead of perpendicular walls, with the center blown out, the formation is rather a V-shape, clear around. I must look into my geology and investigate the formation. The United States Government is building a remarkable fortress there, one that it will be practically impossible for shells to penetrate from the sea."

"I am favorably impressed with the city of Honolulu, its pleasant environment and progress. Its people are active and hospitable. You have a very excellent outlook here, and I note that the growth is substantial and lasting."

"I have not made any particular study of the administrative affairs of Hawaii or Honolulu, but there is always room for improvement in all cities. To your people I would say: Do not weary of doing well—keep up the good fight, not with swords, but through the press, which is more powerful and more effective."

With the exception of suffering slightly with a soreness of his feet, Mr. Burroughs showed no effect of his long tramp yesterday with Governor Frear, Mrs. Frear and Mr. Cook, and he was very enthusiastic over the beauties of Oahu Island scenery and the richness of the country. Mr. Burroughs will sail on the Manchuria for the mainland June 8.

SUPERVISORS YET UNSETTLED ON JAIL

Matter Does Not Come
Up At Special Meeting
Of Board

Contrary to the expectations of a large number of politicians, the consideration of the Honolulu jail matter was not taken up yesterday afternoon by the Board of Supervisors. Logan reported that matters pertaining to the county jail had not been definitely settled and asked that the committee be given more time.

Supervisor Quinn submitted certain recommendations for the approval of the Board. He recommended that the Board enter into a contract with Captain Miller for the next eighteen months for the supply of oil to be used for public roads. He said that he had had a talk with Captain Miller, who promised to charge \$1.20 a barrel, instead of \$1.40.

His Honor remarked that it was not a wise thing for the County to bind itself for so long a time. He said that possibly a better quality of oil might be secured for a much less price. The matter was referred to the committee on roads.

Another matter which agitated the minds of the members of the Board was brought up. It was the ever-lasting Paele case. Quinn, chairman of the Roads and Bridges Committee, stated that J. K. Paele was incompetent, in that he had spent \$1200 in building less than a hundred yards of road, while other road overseers in the outside districts, had made good.

The Roads Committee reported as follows:

"That the bridge at the head of Maunaloa valley, which is in bad condition, should be repaired at a cost of \$1200, and that the work shall be started next month; that Aala park be permitted to be used by the Riverside Baseball League Sunday afternoon; that the Ala Moana road in front of the Marine camp be closed; that the Nuuanu Pali road be girded from the forks into town; that the City Engineer submit more detailed reports of the cost of road work and the expense for the maintenance of stables; that W. D. McWayne be appointed poundkeeper for Wahiawa and that a pound be built on available Government land; that David Kalaga be appointed poundkeeper for Koolanoko, without pay; that a special appropriation of \$800 be made to improve the Paumotu homestead road; that the request of the Ahimann Paele and Ranch company that the road leading from the beach to Ahimann be repaired, be complied with in the early part of the next semi-annual period; that the offer of a lease of the Cummins' quarry be not accepted and that the City Attorney come to an agreement with J. A. Magoon, attorney for the estate, as to the amount of damages done to the Cummins' land; that \$600 be appropriated after July 1 for the improvement of the Waimanalo road; that as the report of the April expenses of Road Overseer Paele is made up in such a manner that it is impossible to make head or tail of it, the same be referred back to him to point out which is the head and which the tail; that the request of the Maunaloa people for three additional acre lights be turned down until there is more money in sight."

EXCEPTIONS OVERRULED

The Supreme Court yesterday afternoon handed down an opinion overruling the plaintiff's exceptions in the case of Becky L. K. K. Kalamakee vs. Henry Wharton et al. The syllabus of the opinion says:

"A transcript of evidence not made a part of a bill of exceptions, by reference or otherwise, can not be considered."

"A continuance in this court for the purpose of applying to the trial court for an amendment of a bill of exceptions will not be granted in the absence of a showing of grounds for the amendment."

"The burden of sustaining allegations of error is upon the appellant. Exceptions for the determination of which a transcript is necessary must, in its absence, be overruled."

OWES HER LIFE TO

Lydia E. Pinkham's
Vegetable Compound

Vienna, W. Va. — "I feel that I owe the last ten years of my life to Lydia E. Pinkham's Vegetable Compound."

Eleven years ago I was a walking shadow. I had been under the doctor's care but got no relief. My husband persuaded me to try Lydia E. Pinkham's Vegetable Compound and it worked like a charm. It relieved all my pains and misery. I advise all suffering women to take Lydia E. Pinkham's Vegetable Compound. — Mrs. EMMA WHEATON, Vienna, W. Va.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and today holds the record for the largest number of actual cases of female diseases of any similar medicine in the country, and thousands of voluntary testimonials are on file in the Pinkham laboratory at Lynn, Mass., from women who have been cured from almost every form of female complaints, inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration. Every such suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.
